

Catholic Missionary Disciples exists to equip, coach, and form Catholic leaders for transformational ministry.

The last year (July 2022 to June 2023) was a banner year for Catholic Missionary Disciples. We had more people read the blog, hear talks, and sign up to be donors than ever before.

We also were invited to assist with the National Eucharistic Revival in an innovative coaching initiative, as well as have our President and Founder, Marcel LeJeune, serve on the Executive Team of the Revival.

We expect another great year in the coming year and ask for your continued prayers.

COACHING

In the model of Jesus, who spent 75% of his 3-year ministry with 12 men, we invest deeply in a handful of Catholic leaders at one time.

For the past year, these are the leaders we coached and formed:

- Ursuline Academy - Dallas, TX
- Sacred Heart Parish - Kansas City, St Joseph Diocese
- Archdiocese of Detroit, Mission Direct offices
- Executive Leader of Eucharistic Revival Coaching initiative (details below)

EUCHARISTIC REVIVAL

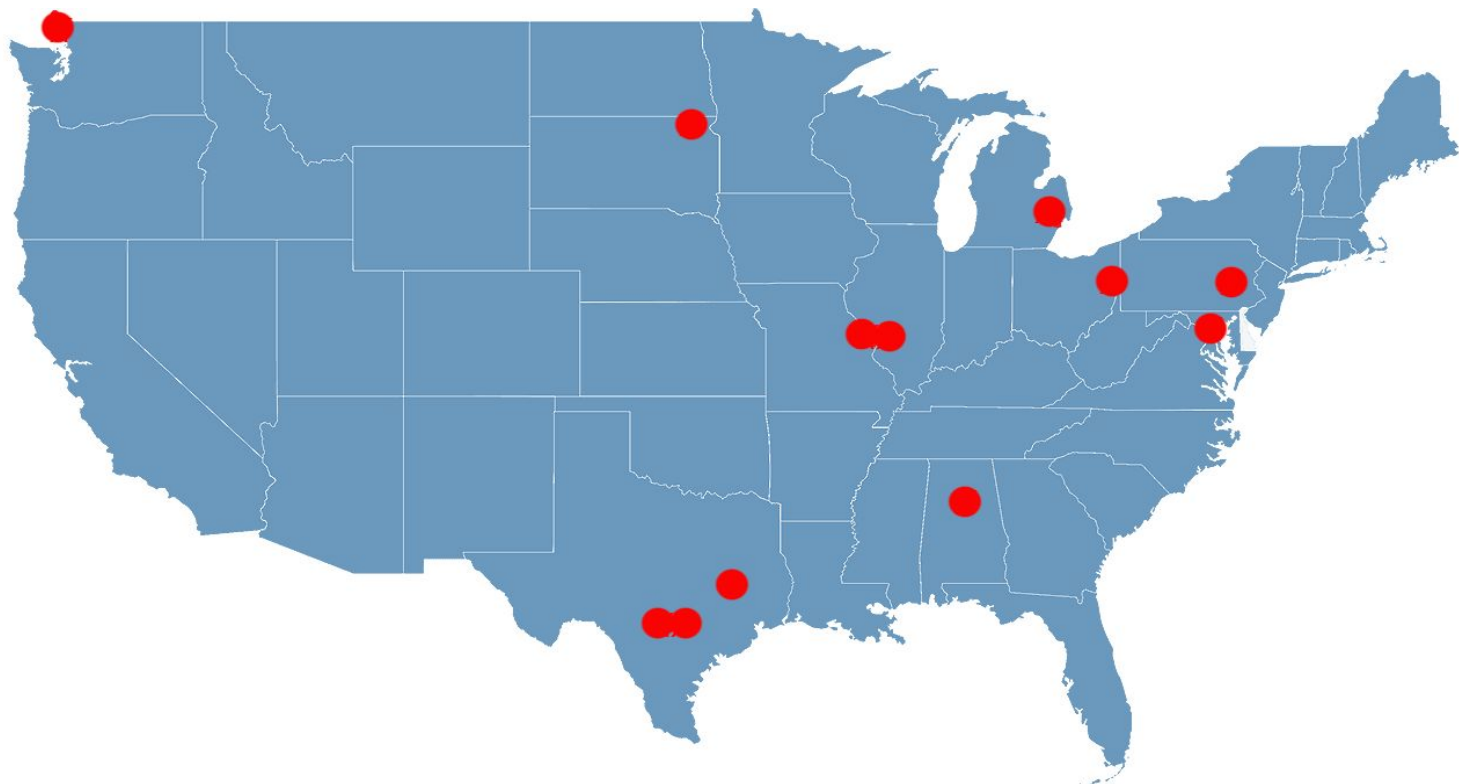

Marcel LeJeune, President and Founder of Catholic Missionary Disciples, currently serves as the Executive Coach of a team of 10 ministry coaches partnered with the United States Conference of Catholic Bishops (USCCB) in helping to implement the National Eucharistic Revival on the local level. The coaches work directly with diocesan leaders around the country to guide them as they work in the grassroots efforts of the revival.

This initiative helps leaders set and execute their goals, grow in community, and reach more souls as they make the revival more fruitful in their dioceses.

Marcel LeJeune was asked by the head of the Revival, Bishop Andrew Cousins, to serve as a member of the Executive Team leading the National Eucharistic Revival

LOCAL EFFORTS

- ✓ PrayBCS - Gathering local leaders of parishes, apostolates, and ministries in Bryan/College Station to pray together several times a year. We pray for local needs and the spread of the Gospel of Jesus and his Church.
- ✓ Small Groups - Partnering with a local parish pastor, the small group process equips disciples to reach others through evangelization and missionary discipleship. Growth is organic, methodical, and by building relationships. 50+ people are in small groups currently. We expect this to grow into several hundred in the next few years.
